

## *What God Can Do*

Teresa Reed

May 2022

Ray has not been receiving any income because his Workman's Comp had ended, and we again were struggling to make ends meet and were low on food.

We never lost faith as much as the bills where due, and all we could do was pray and let God; so now let me tell you what God can do - the unexplainable.

PGE bill came and was \$ -23.85.

Truck registration went from \$526.00 to \$242.00.

Pension raised \$52.00.

SMUD Electric bill was \$29.09. Thank you, Lord, for the sunny days.

State refund came early unexpectedly and all bills got paid last month, and when I went to the store, some of the things on my list where even marked down more than half off.

I say all this, church, that you might be encouraged. We serve a Mighty, Faithful God. Today a new month has started and I can't wait to see God's mighty hands open heaven's doors and pour out His blessing to get through another month. Soon this will be over and Ray can get on disability social security. Amen.

Teresa and Raymond Reed
